

BONE GRAFTING, **IMMEDIATE** IMPLANT LOADING & SOFT TISSUE MANAGEMENT: THE REAL DEAL

with Fugazzotto Institute

7^{CE} PER DAY

Course Description

Over this unique three-day course, you will experience 6 live surgeries and engage with world-class clinicians during interactive presentations. On the third day, you will spend time in our educational laboratory working on fresh human cadavers, having the opportunity to apply the knowledge and skills discussed during the course.

Day 1 & 2

Lecture Topics Include:

- Guided bone regeneration (GBR) with membranes
- Flap designs to maintain primary closure in all situations
- Ideal socket regeneration
- Implant placement in atrophic ridges
- Immediate implant placement in all areas of the mouth and all types of defect morphologies
- Indications for Piezoelectric handpiece
- Palatal harvesting of connective tissue grafts
- Rationale and use of biologics
- Allograft selection and use
- Root treatment to maximize long term success
- Root coverage techniques with autogenous grafts and allograft
- Soft tissue grafting with GBR therapy
- Soft tissue grafting at implant placement
- Decision trees for material and technique selection

Day 3

Cadaver Lab:

Bone Grafting Techniques:

- Titanium reinforced and resorbable membranes
- Tacking for membrane fixation
- Effective release for primary closure

Implant Placement in the Following Situations:

- In compromised extractions sockets
- In atrophic ridges
- At the time of sinus augmentation
- In conjunction with osteotome technique

Soft Tissue Graft Harvesting

- Flapless, double blade, and trapdoor
- Buccal & palatal pedicle grafts
- Allograft placement

Soft Tissue Grafting During Implant Placement

Flap Designs to Ensure Primary Closure

December 5-7, 2024
Program:
8:00 AM - 5:00 PM

Fugazzotto Institute
Milton, MA

Dr. Paul Fugazzotto, DDS
Dr. Andrew Brodsky, DMD, MS
Dr. Timothy N. Smith, DMD

Live 3 Day Course:
\$3,995 (21 CE Credits)

2 Day Live Webinar:
\$2,500

1 Day Human Cadaver Exercises:
\$1,495 (Must have completed
days 1 & 2 live or webinar)

Modular 2 day:
Anytime: \$1,695 (Updated
Regularly w/ Newest Content)

7 CE per day
